Whiskey in My Water

Tyler Farr

In my truck flying down a dirt road
Pickin' you up, feelin' kinda crazy
I think I'm in luck 'cause I know my babyShe slaps my knee says "boy why you smiling?"
Doing my best so hard to hide it
I know what's up, so I just shoot her a wink'Cause when the sun goes down it'll get a little hotter
Make an old boy's heart beat a little harder
I know I can't lose 'cause it's going down smooth tonight, baby
One ain't enough man may I have another
Sitting 'round the fire gettin' drunk on each other
Every day I pray I thank God I got her she's the moon in my shine
The whiskey in my water(The whiskey in my water)When we're past Flint Bridge,
We'll break out the bottle
Drop it down low, crank up the throttle
I'm good to go, 'cause I've got you tonight baby'Cause when the sun goes down it'll get a little hotter
Make an old boy's heart beat a little harder
I know I can't lose 'cause it's going down smooth tonight, baby
One ain't enough man may I have anotherÂ
Sitting 'round the fire gettin' drunk on each other
Every day I pray I thank God I got her she's the moon in my shineÂ
The whiskey in my waterSitting on this hill with her
Looking in them baby blues
Wishing that the sky would change
I've been thinking about it all damn day
I can hardly wait'Cause when the sun goes down it'll get a little hotter
Make an old boy's heart beat a little harder
I know I can't lose 'cause it's going down smooth tonight baby
One ain't enough man may I have another
Sitting 'round the fire gettin' drunk on each other
Every day I pray I thank God I got her she's the moon in my shine
The whiskey in my water
The whiskey in my waterWhiskey in my waterÂ yeah yeah yeah
