Rock Steady

Crazy Frog

Make your body rock, make your body rock
Let's do the cool rock steady
Make your body rock, make your body rock
Now move your dancing feetMake your body rock
Just do the dance if I get down
Make your body rock, get ready
Let's do the cool rock steadyNow move your dancing feetYo Frog, are you ready?
Let's go with the cool rock steady
First to move you, the groove is sweet
Now move your dancing feetIt ain't hard, all you need to do
Is start to move it too
Set it off yeah, the beats you need
Now move your dancing feetMake your body rock, make your body rock
Let's do the cool rock steadyMake your body rock
Just do the dance if I get down
Make your body rock
Let's do the cool rock steadyNow move your dancing feetNow alright, can we get down?
Just move it to the funky sound
Watch the Frog just do his thing
Around the world he makes the crowd singDJ, I can't stop now
Just rock it to the top now
Like I said the groove is sweet
So move your dancing feetMake your body rock, make your body rock
Let's do the cool rock steadyMake your body rock
Just do the dance if I get down
Make your body rock
Let's do the cool rock steadyNow move your dancing feetHey, you, you know what to do
Get on down, yeah, with the crew
No time to wait, get ready
Let's do the cool rock steadyHey, you, you know what to do
Get on down, yeah, with the crew
No time to wait, get ready
Let's do the cool rock steadyMake your body rock, make your body rock
Let's do the cool rock steadyMake your body rock
Just do the dance if I get down
Make your body rock
Now move your dancing feetMake your body rock
