

Put Your Head Down (Instrumental)

Got A Girl

I've never been so happy
Baby with you I'm happy
Maybe we will be together, la la la I've never been so happy
Maybe with you I'm happy
Maybe we should live together, la la la We will be so happy
Baby we'll be happy
Maybe we should be together forever Turn the lights out
Rest your head now
Hush my darling
It's time to dream Feel your breath go
To the cradle
Hush my darling
You're here with me Why don't we get married
Baby when we're married
Maybe we will be together, la la la Why don't we get married
Baby til we're buried
Maybe we will be together forever Turn the lights down
Rest your head now
Hush my darling
It's time to dream Feel your breath go
To the cradle
Hush my darling
You're here with me You know what
You know what baby
You know what'd be nice
A nice Primanti Brothers sandwich
You know they put fries in the sandwich
With that mortadella Turn the lights down
Rest your head now
Hush my darling
It's time to dream Feel your breath go
To the cradle
Hush my darling
You're here with me Turn the lights down
Rest your head now
Hush my darling
It's time to dream Feel your breath go
To the cradle
Hush my darling

You're here with me
