Put The Message In The Box

Soundtrack

And if you listen now
You might hear a new sound coming in
As an old one disappears
See the world in just one grain of sandYou better take a closer look
Don't let it slip right through your hand
Won't you please hear the call
The world saysPut the message in the box
Put the box into the car
Drive the car around the world
Until you get heardNow is the moment, please understand
The road is wide open to the heart of every man
A few simple words
So a mule could understandHe don't want tomorrow
If it's just crumbling into sand
Won't please hear the call
She saysPut the message in the box
Put the box into the car
Drive the car around the world
Until you get heard
Until you get heardThe world says
Give a little bit
Give a little bit of your love to me
'Cause I'm waiting right here with my open armsGive a little bit
Give a little bit of your soul to me
'Cause I'm waiting to behold your many charms
Is that love in the air? She saysPut the message in the box
Put the box into the car
Drive the car around the world
Until you get heardUntil you get heard
Until you get heard
Until you get heard
Until you get heard
