

# Honey, I'm Good.

Andy Grammer

Nah nah honey, I'm good  
I could have another but I probably should not  
I've got somebody at home[Verse 1:]  
It's been a long night here, and a long night there  
And these long long legs are everywhere  
(hold up now)  
You look good, I will not lie  
But if you ask where I'm staying tonight  
I gotta be like oh baby, no baby, you got me all wrong baby  
My baby's already got all of my love[Chorus:]  
So nah nah Honey, I'm good  
I could have another but I probably should not  
I've got somebody at home, and if I stay I might not leave alone  
No, honey, I'm good  
I could have another but I probably should not  
I've got to bid you adieu  
To another I will stay true  
(oo oo I will stay true)  
(who who I will stay true)[Verse 2:]  
Now better men, than me have failed  
Drinking from that unholy grail  
(Now check it out)  
I've got her, and she got me  
And you've got that butt, but I kindly gotta be like  
Oh baby, no baby, you got me all wrong baby  
My baby's already got all of my love[Chorus:]  
So nah nah Honey, I'm good  
I could have another but I probably should not  
I've got somebody at home, and if I stay I might not leave alone  
No, honey, I'm good  
I could have another but I probably should not  
I've got to bid you adieu  
To another I will stay true  
(oo oo I will stay true)  
(who who I will stay true)[Bridge:]  
Oh, I'm sure ya, sure ya will make somebody's night  
But oh, I assure ya assure ya, it sure as hell's not mine Oh No, honey, I'm good  
I could have another but I probably should not  
I've got somebody at home

And if I stay I might not leave alone  
No honey I'm good  
I could have another but I probably should not  
I've got to bid you adieu  
To another I will stay true[Chorus:]  
No, no, honey, I'm good  
I could have another but I probably should not  
I've got somebody at home  
And if I stay I might not leave alone  
No honey I'm good  
I could have another but I probably should not  
I've got to bid you adieu  
To another I will stay true  
True ooo, ooo(I will stay true) [x4]  
Oh whoa oh
