Nothing Like

Ned's Atomic Dustbin

Don't know what you're thinkin'
When you fail to see things are at an end
You hate to see me start again
You don't seem nothin' like my friend
You don't seem nothin' like my friendYou just watch me
'Cause you cannot stop meI don't deny you're in good health
But I do deny that I've found wealth
You look a fool, but who can tell
You don't look nothin' like yourself
You don't look nothin' like yourselfYou just watch me
'Cause you cannot stop me
