

15 Minutes

[TÃ©lÃ©popmusik](#)

I fly every morning for at least fifteen minutes or so
Sometimes I don't want to go,
but she always says: "Hey, don't be so lazy, fly,
You know you always feel better when you fly."
And she's right, she's always right,
I always feel better after I fly
I fly every morning for at least fifteen minutes or so
