

# Take the Night Off

Laura Marling

You should be gone beast  
Be gone from me  
Be gone from my mind at least  
Let a little lady be I don't want you to want me  
Wouldn't want you to know  
I don't care where you gone beast  
I care you go Take the night off  
Be bad for me  
Take it right off and  
Be bad for me You're a night bird early riser  
You have the kind of wing  
To take her and surprise her I didn't understand where you had gone  
Didn't know you'd be right back  
I didn't hear the night song  
Calling for you into the black Take the night off and  
Be bad for me Didn't ask you to save me  
Not when you knew me well  
Wouldn't ask you even to behave  
for me  
I know there's no helping hell Take the night off and  
Be bad for me  
Take it right off and  
Be bad for me
