Beats Workin'

Van Halen

Here today, gone later today
I been reading what the bloggers say
How 'bout a great big slice for me
Otherwise or professionally
Beats workin'
Startin' up in my feet
Goes to workin' on the rest of me
Live this life of luxury sho-nuff baby
Beats workin' for me
Kid'll land on his feet
If he don't land on his seat!
This beats workin' baby
'Cause red hot, baby like it or not

Don't you know that
This beats workin' baby
'Cause red hot, baby like it or not
One empty floor
Stands between the stage and the welfare door
Heads or tails of the same bread
Coin of the realm, just like the man said
Beats workin'
Startin' up in my feet
Goes to workin' on the rest of me
Got a feelin' all in my head
Try to do it like the good book said
Kid'll land on his feet
If he don't land on his head!
