Afterall

Garrison Starr

Saw you on the tv
But that's not how i remember
Know that you can't see me in there
Tell me about the big screen
Is it what you remember
Did you want to mean something back there
You're so beautiful
You're still so beautiful
And you're gonna make it
You're gonna make it after all
Was it all that you had dreamed
Cause i was so much younger
Tell me what you're feeling in there
You're so beautiful
You're still so beautiful
And you're gonna make it
You're gonna make it afterall
Did they hurt you
Was it worth it afterall
Worth it after all
Saw you on tv
But that's not how i remember
Wonder what you're feeling in there.
