

Say You Will

Jack Blades

What if I live my life again
Would I give back what I've taken
Maybe you'll take another look
Because deep inside I'm breaking
What did you think I was saying
I told you I'd do anything
Another night Another lesson
Toxicate your life away
Say you will oh say you will
You wanna rock yeah you wanna rock
Say you will oh say you will
You are a rocket, you are rocket yeah
What if I switched and I became you
Would you think I'd get the message
Maybe I try and lean on love cause it's all about second chances
What did you think I was dreamin
I told you I would save your day
So gimme a chance a little love salvation
Say you will oh say you will
You wanna rock yeah you wanna rock it
Say you will oh say you will
You are a rocket, you are a rocket yeah
You used to see all the way to my soul
Tearin me apart with the words you know
I never thought I could reach
I looked around I looked over the edge
Its not pretty down there yeah
enough has been said about love
when I'm asked I think about you oh...
Say you will oh say you will
You wanna rock yeah you wanna rock it
Say you will oh say you will
You are a rocket, you are a rocket yeah
Say you will oh say you will
Say you will oh say you will
