Dare Me

Lou Teti

I've got a chip on my shoulder with you name on it - knock it off.
So don't just stand there foolin' if you don't want it - knock it off.
I say you're either a lover or you are a liar.
So don't you push too hard, you're playin' with fire.

Baby, make your move, step across the line,
Touch me one more time, come on, dare me!
I want to take you on, I know I can't lose,
I'll be loving you if you just dare me.

Looks like you're lookin' for trouble,
And I'd say you found it - you found it.
You'll have to come right through me,
There's no way around it - you found it.
I hope that lean hungry look means what it's saying.
'Cause I'm just sittin' on ready, ready and waiting.
Baby, make your move, step across the line,...

Come on and dare me.
If there's any truth behind your intentions
This night's gonna end up on fire - you better believe it.
You better believe it, oh baby. Oh, dare me, dare me, dare me.
Baby, make your move, step across the line,...
Baby, make your move, step across the line,...
Baby, make your move, step across the line,...
