Take the water, another broad that can take order

Just stand there, ya body so mean

Standin in those 'Suco jeans, let's go

The DJ's Kool, I'm in red form

Jeans cone watch 'em dance, like watching porn

And it's on, at the yard fest, watch 'em swarm

They know we about to perform, now where it cool at

Prolly gettin' this man, but where the pool at

At the back entrance, where they "ah" and "oh" at

That motherfucking ass on the dance floor

Let the kids now if you want more, more

[Verse 2 - Mr.]Now get ya back up off the wall

See all you gotta do is dance baby girl, come on get it down

It don't matter how you do it, you can Harlem

You need a drink to get you loose, it's not a problem

Order one, drink it all, make a freak scene

Then make ya bumper hit my long black limousine

Let me tell you, listen close, what I really mean

Move ya skirt, so ya clothes can't intervene
Cold since I been a team, Joel, I was getting green

Nothin' changed, it's the same routine
Please don't mind me, she love my lean
A dream, y'all mean, that'll take her to gets in
While I spin and she grin, off that Bombay Gin

We bout a breezy, we take it easy
[Chorus][Verse 3 - Boobonic]Look, try to reach me, my flow is beastly
And when again, toss ain't easy, go back to you chick

[Mr.]Cause every breezy, they know the number one rule
They clear our souls, like we DJ Kool
Dig, the life of some gangstas
Since young boys, we was known to stack paper
[Boo] Ay, 50 told ya about them +Wanksta's+
[Mr.] And Most Wanted told you bout them +Suckas+
[Boo] Look for skills, we was raised around straight up gangstas
[Mr.] Believe they past off them hustles, so thank you
