

# Suspended In Gaffa

## Ra Ra Riot

Out in the garden  
is half of a heaven,  
We're only bluffing,  
what not, what's for best?

And through walls  
what they told us,  
Unless we can prove  
that we're doing it,  
We can't have it all.

He's gonna wangle a way  
to get out of,  
And she's an excuse  
and a wit that's on top on.

And he's gone  
what they told us,  
Unelss we can prove  
that we're doing it,  
We can't have it all.  
We can't have it all.

Suddenly my feet,  
don't feet of mine,  
It all goes slow-mo.

I don't know why I'm crying,  
Am I suspended in Gaffa?  
Not 'til I am really for you,  
Not 'til I am really for you.  
Can I have it all?

It tried to get nearer  
but as it gets clearer,  
There's something,  
there are bee's in the way,  
it's a plank in me.

I with a camera  
who's trying  
to get through it,  
Am I doing it,

can I have it all now?

I pull up the plank and say,  
"thank you for yanking me",

Back to the fact  
that there's something  
to distract.

Sometimes it's hard to know,  
If I'm doing it right,  
can I have it all now?  
Can I have it all now?  
Can I have it all?  
I can't have it all.

Suddenly my feet,  
don't feet of mine,  
It all goes slow-mo.

I don't know why I'm crying,  
Am I suspended in Gaffa?  
Not 'til I am really for you,  
Not 'til I am really for you.  
Can I have it all?

I won't open boxes  
that I am told not to,  
Or not open door  
or much better record.

A girl in the mirror  
between you and me,  
She knows sending it,  
it's not getting anywhere  
at all.

Not anywhere at all,  
no not a thing,  
She can't have it all.

Suddenly my feet,  
don't feet of mine,  
It all goes slow-mo.

I don't know why I'm crying,  
Am I suspended in Gaffa?  
Not 'til I am really for you,  
Not 'til I am really for you.

Suddenly my feet,

don't feet of mine,  
It all goes slow-mo.  
I don't know why I'm crying,  
Am I suspended in Gaffa?  
Not 'til I am really for you,  
Not 'til I am really for you.  
Can I have it all now?
