When all you have's a hammer
 All you see is nails
When all you have's a hammer
 And when all else fails
Hit the nails!When all you have's a buzz-saw
 All you see is wood
When all you have's a buzz-saw
 You just wish you could
Yeah, you would!When all you have's a lighter
 All you see's a fuse
 And when you see it burning
You ain't got nothing to lose!When all you have's a shovel
 All you see is graves
 When all you have's a shovel
 In hollow pits they will be saved
 Light the fuse!
