

All You Have To Do

Jet

All you have to do
All you have to do
AhhOh, the things you do
Even the people you love
Even the music you hate
Have gone away
There's nothing that I could changeOh, the things that you don't do
Even the people you hate
Even the music you love
Have gone away
There's nothing that I could changeAll you have to do
All you have to do
AhhOh, the times you tried
Even the games that I've played
Even the people I lost
Have gone away
There's nothing that I could changeAll you have to do
(Sha la la la)
All you have to do
(Sha la la la)
AhhAll you have to do
(Sha la la la)
All you have to do
(Sha la la la)
AhhAll you have to do
(Sha la la la)
(Shine on)
All you have to do
(Sha la la la)
(Shine on)
Ahh
(Shine on)All you have to do
(Sha la la la)
(Shine on)
All you have to do
(Sha la la la)
(Shine on)
AhhAll you have to do
(Sha la la la)

(Shine on)
All you have to do
(Sha la la la)
(Shine on)
Ahh, shine on
