

Save Our Selves (the Warning)

The Blackout

So this is how it's gonna be, you and me are history
We will never look the same but the end is coming
Your time is running out, the rain is pouring
So raise your voice and shout
This is a blackout and you'll find out
It's gonna come and take everything you love away
A blackout coming to your town
We'll never run away so stand and fight another day
So this is where it all began, this is where the story ends
We will never need to leave, we keep running
The walls keep coming down, this is a warning
So raise your voice and shout
This is a blackout and you'll find out
It's gonna come and take everything you love away
A blackout coming to your town
We'll never run away so stand and fight another day
Going out, going out, going out
Going out, going out, going out
Going out, going out, going out
Going out, going out, going out
Going out, going out, going out
Going out, going out, going out
Going out, going out, going out
Going out, going out, going out
Going out, going out, going out
Going out, going out, going out
Going out, going out, going out
This is a blackout and you'll find out
It's gonna come and take everything you love away
The blackout coming to your town
We'll never run away so stand and fight another day
This is a blackout, this is a blackout
This is a blackout
