

# The Chills

## Blue October

Take my hand  
Maybe we should run away  
Maybe we should disappear  
Leave everything behind Like the useless things  
Boxes labeled memories  
The sudden health emergencies  
Yeah we can leave those things behind Show me,  
Show me arms that reach for all we can be  
Through understanding, tried forgiveness,  
I faced the past,  
It's what I witness Why do I only feel the chills when I'm with you?  
I only hear your words that you say are true  
But you keep thinking it over, thinking it over  
You could catch me if you wanted to Why you gotta say good bye  
When you know you could come with me....  
"No!" Can't afford to leave and stay  
(i cant' afford it)  
We're gonna have to just build one way  
(look , i cant afford it) So tell me, tell me all the things  
You told me we could be  
Through understanding, tried forgiveness  
I faced the facts,  
It's what I witnessed Why do I only feel the chills when I'm with you  
I only hear your words that you say are true  
But you keep thinking it over, thinking it over  
catch me if you want I only feel the chills when I'm with you  
I feel it so high,  
I feel it so high  
Ca-Catch me, Ca-ca-catch me "Why does the heart always have to break?"  
(When you're trying way too hard)  
"have to break?"  
(Yeah she'll see right through you)  
"have to break"  
(All Communication, and the conversation, it breaks down)  
"Now there'll be nothing to talk about"  
Absolutely nothing just blah,blah,blah Why do I only feel the chills when I'm with you?  
I only hear the words that you say are true  
But you keep thinking it over, thinking it over  
You could catch me if you wanted to. Catch me,

Ca-ca-catch me.
