

Everything

Anouk

Now I believe that what I used to think was a lie

Is really alive

Now I can see there's only one place to reach

Only one thing to preach and that's the highest

It's the strangest thing that I can feel so much

There is no reason, there is no logic to feelings

'Cause when love is the dealer I'm addicted

So fascinated, I can't stop this constant craving

You're contagious

It's the strangest thing that I can feel so much

For someone, somehow

It's the strangest thing that I can feel so much

For someone, somehow

And I cannot hide, even if I try

You mean everything to me

Any fool can see, what you've done to me

You mean everything to me

And when you're not here, I just cry

And when you're not here, I could die

Ya, the best is still to come, dear

Ya, the best is still to come for us

Ya, the best is still to come, dear

Ooh, the best is still to come for us

It's the strangest thing that I can feel so much

For someone, somehow

It's the strangest thing that I can feel so much

For someone, somehow

And I cannot hide, even if I try

You mean everything to me

Any fool can see, what you've done to me

You mean everything to me

And when you're not here, I just cry

And when you're not here, I could die

I could die

I could die

I could die

And I cannot hide, even if I try
