

You're Running Wild

Buddy Miller

You're running wild how long can this go on
You're leaving me alone
Your running wild You always run my love you'll never share
It's more than I can bear stop running wild
You'll settle down one day
And find I've gone away
You'll think of what you've done while running wild
I can't go on you'll have to choose the way
You'll have to go or stay stop running wild You'll settle down one day
And find I've gone away
You'll think of what you've done while running wild
I can't go on you'll have to choose the way
You'll have to go or stay stop running wild
You're running wild
