

Black Eye (No Cigar-single)

Millencolin

So now I got a black eye
Even though I never got smacked
But if I get a retry
Then I will try to give one back
You were the one who got jacked
And I hope you will forgive me
for whenever I capsize I know that you can see it in my eyes
I'm not myself right now
My biggest problem is to compromise
But I'm sure I would know how
I show my tragedy with my black eye I've been the one to deny
Everything that you do
I said it's all a big lie
Always questioning you
Even though you've been true
And I know that I've been nothing more
than just a jealous guy But everybody's talking about you
All the time about things you do
And that's the only time I do realise
That I do love being close to you
Guess that's the thing that I just can't stand
I'm selfish more than I am a man
