

# Dem a Watch (Wanna See Us Break Up)

Tarrus Riley

If some things wrong, please tell me  
Some thing feels so strange baby  
You don't answer yuh phone  
You don't call me  
Some thing feels so wrong baby  
When yuh lay on yuh side me ah  
Feel so far,  
Recently I've been thinking  
If am not mistaken and ah heard you call  
Another man's name while sleeping  
Words going around, say you nah wah me again  
Yuh tell yuh friends any day now  
Our relationship will end.

And dem a watch,  
Say dem a watch, sit down and ah wait  
Say dem ah wait  
Deh wanna see yuh break up, walk out  
Lose every thing we built  
And dem a chat  
Say dem a chat, and dem ah wait  
Deh wanna see us break up, walk out  
And lose on everything we built.

Now fifteen years can't go in vain  
And this feelin is drivin me insane  
Given you everything, even my last name  
Wedding bells and ah diamond ring  
You don't say I love you any more  
Something feels so wrong baby  
Have you got me feeling insecure  
Love don't feel so strong lately  
And words going around, say you nah wah me again  
Yuh tell yuh friends any day now  
Our relationship will end.

And dem a watch,  
Say dem a watch, sit down and ah wait  
Say dem ah wait

Deh wanna see yuh break up, walk out  
Lose every thing we built  
And dem a chat  
Say dem a chat, and dem sit down ah wait  
Deh wanna see us break up, walk out  
And lose on everything we built.

Seem tuh me am losing  
Seems am losing  
Seem tuh me am losing.

Yuh coming home late lately  
There is ah strange scent on yuh dress  
The look on yuh face says guilty  
Evidence of unfaithfulness  
Where did we go wrong  
When did this happen  
Our love was so strong  
And now ah feel it fading .

And dem a watch,  
Say dem a watch, sit down and ah wait  
Say dem ah wait  
Deh wanna see yuh break up, walk out  
Lose every thing we built  
And dem a chat  
Say dem a chat, dem sit down ah wait  
Deh wanna see us break up, walk out  
And lose on everything we built.

Is dem a watch,  
Say dem a watch, dem sit down and ah wait  
Say dem ah wait  
Deh wanna see yuh break up, walk out  
Lose every thing we built  
And dem a chat  
Say dem a chat, sit down and ah wait  
Deh wanna see us break up, walk out  
And lose on everything we built.
