

# Slip Away

## Until Death Overtakes Me

Where will i tomorrow be  
When no longer hereNo longer here...  
no more dreams...  
Slip away  
Here, the rain...so emptyThey are not here...not here anymore  
And i drown in desolate waves...desolate waves  
Of bottomless black seas...alone...alone  
Slip away...alone...alone  
Slip away...away...awayHere the cold...alone forever  
Soon will be gone  
No more dreams...no longer here
