

# Oliver

[Andy Pratt](#)

You know that I was overblown by all the card sharks  
And the muggers that day  
And there were several million lovers of that dress  
That's in the window display and every day they'd say Oliver, Oliver, Oliver  
Oliver don't stay She was quite a woman  
Kind and understanding woman she was, oh yeah  
Sure I really loved her but she acted like a mother to me  
And she loved me and I'd scream Nancy, Nancy, Nancy  
Please take care of me Oliver, Oliver, Oliver  
Oliver, Oliver I was overblown by all the card sharks  
And the muggers that day  
Several million lovers of that dress  
That's in the window display and every day they'd say Oliver, Oliver, Oliver  
Oliver don't stay
