

# Cold Feet

Gob

I follow your friends around  
Im searching from town to town  
I never knew what you meant to me  
Until you were lost and found I never get up for daytime  
And only go out at night  
Theres so much I have to say to you  
Im gonna get it right this time My love, come to me  
Come around, Im lonely Have socks I can smell you on them  
I guess you must have forgot them  
I wear them when Im cold sometimes  
Im wearing them all the time Im thinking of heading south  
Bittersweet memories of your mouth  
Remembering what you said to me  
Youll never get cold feet now My love, come to me  
Come around, Im lonely  
My love, come to me  
Come around, Im lonely I follow your friends around  
Im searching from town to town  
I never knew what you meant to me  
Until you were lost and found My love, come to me  
Come around, Im lonely  
My love, come to me  
Come around, Im lonely My love, come to me  
Come around, Im lonely  
My love, come to me  
Come around, Im lonely
