

# Soilborn

## Killswitch Engage

Time will not stand still  
Today is the day, the day of salvation  
Living for more than just  
A synthetic force fed existence  
This is my disposition  
I will strive for the truth  
Time will not stand still  
Today is the day, the day of salvation  
Living for more than just  
A synthetic force fed existence  
This is my disposition  
I will strive for integrity  
Time will not stand still  
We are the soilborn

We are the children  
Soilborn  
Washed in blood because we are blind  
We must not take this life for granted  
In this everlasting thirst  
To maintain vitality  
This is my disposition  
I will strive for a rebirth  
We are the soilborn  
Soilborn  
Today is the day of salvation  
Today is the day of salvation  
[Incomprehensible]
