

# Born to Die

## Sevendust

Open up my eyes  
Release me I can't believe  
This is happening to me  
Born to live but sworn to die My body is warm, my fingers are cold  
I think they buried me alive  
I might have found, I lost my soul  
As the pages of my life unfold Opened up my eyes  
Release me Did I walk a long way?  
Today is finally owned me  
Twist a blunt, it's time to fly The cough is growing  
Your Microdots are flowing  
Oh my God, I'm ready to die Born to die  
(Born to die)  
Born to die Born to die  
(Sing together)  
Born to die I can't believe  
This is happening to me  
Born to live but sworn to die My body is warm, my fingers are cold  
I think they buried me alive  
I might have found, I lost my soul  
These are the pages of my life Born to die  
(Born to die)  
Born to die Born to die  
(Sing together)  
Born to die
