

# In the End of Life (Reissued)

## Obituary

No will to live  
Without lights  
Coming to the end of lifeArriving in the end of life  
Ones decide to sacrificeNo will to live  
Without lights  
Coming to the end of lifeLost in darkness realms to go  
The fearless ones now are down  
The final one is burnt off life  
Killing Time  
Arising from the dark  
A peeling soul to pay  
Crawling in the light  
piercing through your brain  
Reaching out for help  
The help in which you pray  
Searching for the answers  
To questions which they say  
Just Killing Time  
Killing time is the final bout  
Life slowly decays  
>From the depths of down below  
Powerful rotting ways  
Corpses lay out on the ground  
Form a perfect line  
Killing Time  
Rotten is the deadly birth  
Strength turns to fear  
What awaits the end result  
Life's death draws near  
A freefall victim to decay  
Infection sets the pace  
Rising from your loneliness  
and the human race
