

# Tune Me Out

## MU330

turn it on turn it on and tune me out  
it's so romantic  
you and me and your tv  
we made dinner with candles  
bagles with lax  
and we watched cops  
i think i forgot  
what your eyes look like  
when they're not reflecting 90210  
turn it on and tune me out  
you don't need intimacy  
turn it on and tune me out  
you've got big screen tv  
we sat hand in hand  
i watched you watch your tv  
you fell asleep to baywatch  
mitch saved babes as i watched the clock  
i wonder are you dreaming  
and should i keep believing  
do i mean more to you than  
so much more to you than magnum
