

# Praise Joint (remix)

**Kirk Franklin**

This is for the young people  
That are not ashamed to praise Him Anybody that knows somebody if ya got deliverance  
Get up and tell everybody, get ya praise on  
Anybody that knows somebody if ya got deliverance  
Get up and tell everybody, get ya praise on Can I get my people everywhere to clap to this  
And if you don't mind one time can I get ya to move to this?  
If you're not ashamed to praise His name, dance to this  
And if like to see GP, can I get ya to stomp to this? Anybody that knows somebody if ya got deliverance  
Get up and tell everybody, get ya praise on  
Anybody that knows somebody if ya got deliverance  
Get up and tell everybody, get ya praise on All the people in the house, where you at? Where you at?  
Clap to this and if you don't mind one time  
Can I get ya to move to this?  
If you're not ashamed to praise His name dance to this  
And if like to see GP, can I get ya to stomp to this? Anybody that knows somebody if ya got deliverance  
Get up and tell everybody, get ya praise on  
Anybody that knows somebody if ya got deliverance  
Get up and tell everybody, get ya praise on Dada, dida, dadi, dada  
Dada, dida, dadi, dada Do that praise, do that praise  
(Do that praise, do that praise)  
Do that praise, do that praise  
(Do that praise, do that praise) On the left side what you say  
(Do that praise)  
On the right side what you say  
(Do that praise) In the middle what you say  
(Do that praise)  
Can you just get on up, get on up  
In the middle what you say  
(Do that praise)  
Can you just get on up, get on up Dada, dida, dadi, dada  
Dada, dida, dadi, dada Can you just get on up? Get on up  
Can you just get on up? Get on up Do that praise  
Do that praise
