

Pumpin' Up The Party

Hannah Montana

Hey get up, get loud
Start pumpin up the party now
Hey get up, get loud
Start pumpin up the party nowIt's the same old, same grind
But we don't feel we're wasting time
Not so bored that we can't find a better way
My friends, my kind, no one's gettin' left behind
If they did it'd be a crime, thats why we sayLet the music start a revolution
No time to play it safeHey get up, get loud
Start pumpin up the party now
Hey get up, get loud
Start pumpin up the party nowThey can't, we can, parents might not understand
Havin' fun without a plan well thats what we do
We're all here, let's go, gotta make this party grow
Together we can make it blow right through the roofThe music's gonna start a revolution
Too late to play it safeHey get up, get loud
Start pumpin up the party now
Hey get up, get loud
Start pumpin up the party nowWe don't have to paint by numbers
Let our voice come out from under
Hear it rise, feel the thunder
It's time to lose controlHey get up, get loud
Start pumpin up the party now
Hey get up, get loud
Start pumpin up the party now
Pumpin up the party now
Party now, party nowHey get up, get loud
Start pumpin up the party now
Hey get up, get loud
Start pumpin up the party nowHey get up, get loud
Start pumpin up the party now
Hey get up, get loud
Start pumpin up the party now
