

Leaving This

Novembers Doom

For many years youve been my life, Ive been thankful for our time
From rainy days to snow filled nights, youve always been there for meAnd nows the time I say farewell, for Im
leaving this all behind me
To walk away with tears and pride, mourn not the loss, honor the memoryFor lives Ive touched, and those
returned, this was only a moment in time
I need you to know before Im gone, Its always been for youAnd nows the time I say farewell, for Im leaving
this all behind me
To walk away with tears and pride, mourn not the loss, honor the memoryI will miss our days of glory, along
with the hardship and loss
Its all been a friend to me, in the end, this reflection Ill embraceAnd nows the time I say farewell, for Im leaving
this all behind me
To walk away with tears and pride, mourn not the loss, honor the memory
