

All of My Pride

Baxter

Even if I have to go
This will always be my home
You will always think of me
Wishing that I always would be there
Even if I have to go
This will always be my home
I will always be a part of you
Call my name and I'll be there
I'll give away
All of my pride
I will take off
This is what I say before I go
I'll return myself to you
Will you regret your weakness too
I did excuse myself to comfort you
Never judge my love again
I'll give away
All of my pride
I will take off
This is what I say before I go
I'll give away
All of my pride
I will take off
This is what I say before I go
