

Make It Last

Ataris

There's a lot on my mind
So I guess that I'll take it one thing at a time,
Still sometimes I can't help but wonder why...
I sit around all day
And I waste my whole damn life away,
Still thinkin' bout' just what there is to say.
(chorus #1) should I say goodnight? ? ?
...got to bed, turn out the fucking light
And leave you shining in the past.
Should I try and forget? ? ?
...even though next week it's something I'll regret.
Or, should I try and make it last?

I think about the day
When I felt you'd throw it all away
To try to make me feel like I'm the one.
You were my best friend,
And I never ever thought those days would end
But now it seems like they are gone
(chorus #2) what more can I say? ? ?
...i never wanted it to be this way,
And where the hell is yesterday? ? ?
...we sure had a blast!
I'm sorry that we're living in the past,
Should we try and make it last?
(repeat chorus #1)
