Cops And Robbers

The Hoosiers

If we catch a criminal
When we catch a criminal
There's nothing we can do
But play cops and robbers
Cops and robbers
We're at a revolution
And we're baying for your blood
We're laying down the law
And your name's mud
You'd like to be a member of the human race
You want to be a good boy
But you couldn't stand the taste
Blame Simon
'Cuz he said
You've got two lives down
And one life left
Blame Simon
Because he said
You could think better with a hole in your head
You could think better with a hole in your head
If we catch a criminal
When we catch a criminal
There's nothing we can do
But play cops and robbers
Cops and robbers
If we catch a criminal
When we catch a criminal
There's nothing we can do
But play cops and robbers
Cops and robbers
Catch a revolution
Now your waging war again
Marching on the spot when you should have made amends
Cause you say you fight for us
Cross your heart and hope to die

You're the bully in the playground and we'll hang you out to dry
Blame Simon
Because he said

You've got two lives down
And one life left
Blame Simon
'Cuz he said
You could think better with a hole in your head
You could think better with a hole in your head
If we catch a criminal
When we catch a criminal
There's nothing we can do
But play cops and robbers
Cops and robbers
If we catch a criminal
When we catch a criminal
There's nothing we can do
But play cops and robbers
Cops and robbers
If we catch a criminal
Line them up against a wall and shoot them all
Oh oh oh
If we catch a criminal
When we catch a criminal
There's nothing we can do
Play cops and robbers
Cops and robbers
If we catch a criminal
When we catch a criminal
There's nothing we can do
Play cops and robbers
If we catch a criminal
There's nothing you or I can do
Line them up against a wall I'll get a gun and shoot them all
