Nothing's Impossible

Depeche Mode

Just give me a reason, some kind of sign
I'll need a miracle to help me this time
I heard what you said, and I feel the same
I know in my heart that I'll have to changeEven the stars look brighter tonight
Nothing's impossible
I still believe in love at first sight
Nothing's impossibleHow did we get to be this far apart?
How did we get to be this far apart?
I want to be with you, something to share
I want to be near you, sometimes I careEven the stars look brighter tonight
Nothing's impossible
I still believe in love at first sight
Nothing's impossibleEven the stars look brighter tonight
Nothing's impossible
If you believe in love at first sight
Nothing's impossibleI still believe in love at first sight
Nothing's impossible
