

Should Have Known Better

Cotillon

been missing her love
but it's clear
that it went missing in her
my dear
thank god for john smith
and lehman lyman
she wants her fix now
her drug it's out of fashion la la la la
the devil is on lyman
for reasons why she's dead to him
her paycheck is going up her nose
la la la la
her love, what a tired joke
her family blamed me
for her fall
then they praised me
when she lost it all
i wanted to feel love
i wanted to feel love again
but now it hurts
la la la la la
the devil is alive again
for reasons why she's dead to him
paycheck's going up her nose
her love, what a tired joke
