Resolve

Beth Gibbons

Time rolls
As days go by
And now I've figured
That I ain't gonna last
Summer skies
Are leaving me behind

So resolve your loving said all
I'll be lost when you're gone
Blind me from keep
Blind me

Times told
As days go by
I still ponder this old question why
But now I know
There's no time to decide

So resolve your loving said all
I'll be lost when you're gone
Blind me from keep
Blind me

And daylight knows
How my eyes have tired
Like the circles
Life evermore will bear

So resolve your loving said all
I'll be lost when you're gone
Blind me from keep
Blind me
