Status Quo

Pro-Pain

Hands are tied - the scene is setTo take advantage of the meek
As sacrificial lambs are killedThe blood will run into the streetMass migration - exodus
All lemmings forced into the seaIt's a masochistic attitudeBut better you than fuckin' meIt's a fool's paradiseWho'll pay the price?
It's not for you and me to decideWhy piss and moan?
You're not aloneStay shallow and swallow your prideHearts fill with rageThis day and age
Cry freedom and fight to be freeThey can't deny my reasonI don't believe in the powers that beSpeak your peace and fill the voidThen let your will decide your fate
Spark a violent overthrowAnd undermine the church and stateBreak the silence - seize the dayThe gut reaction is to kill
Fuck the system - seek the truthFor the cause I know you will
