

It's a Miracle

VeggieTales

You wouldn't believe where I've been
The cities and towns I've been in
From Boston to Denver
And every town in between
The people they all look the same
Only the names have been changed
But now that I'm home again
I'll tell you what I believe

It's a miracle
A true blue spectacle
A miracle come true
We're together baby
I was goin' crazy till the miracle came through
Now you're here and my arms are around you
And baby, they'll be dancin' in the streets

For the miracle
A true blue spectacle
The miracle is you
I never knew you look so good
Oh, I never knew anyone could
I must have been crazy
To ever have gone away
I almost forgot what it's like
Holdin' you near me at night

But now that I'm home again
You'll know that I'm home to stay
'Coz it's a miracle
A true blue spectacle
A miracle come true
We're together baby
I was goin' crazy till the miracle came through
Now you're here and I'm feeling so good
And baby, they'll be dancin' in the streets
For the miracle
A true blue spectacle
The miracle is you
Now you're here and my arms are around you
And baby, they'll be dancin' in the street

Gonna be dancin' in the street
Gonna be dancin' in the street
Dancin', dancin', dancin', dancin', dancin' in the street
Dancin', dancin', dancin' in the street
For the miracle
A true blue spectacle
The miracle is you
The miracle is you
The miracle is you
