

# Girl of Mine

## Blue Rodeo

Girl of mine  
Where did we go wrong Oh you never once said you loved me  
And you never once called my name  
And now I  
I can see the way My memories like cigarettes  
Blow smoke upon the screen I stare up to the empty face  
That hangs inside my dreams  
In the words of love I hesitate  
They all come rushing in to me  
Too late too late Days and nights  
Wondering what could it be Someone to see you through  
Did you need somebody stronger Oh girl I never knew Now your lipstick and your powder  
They're all put away in drawers But the traces of our love affair  
Still hide behind the doors I lie awake afraid to sleep  
Cause I see the face I knew I'd never keep  
I'd never keep Too much to bear Too much I fall down drunk  
Too much I care Tell me now  
Do the words of love still seem the  
Same to you  
Now we learned the angry lessons And we still came back for more Forget somehow what came before My senses  
have been shocked  
And I'm alive to every pain  
Your quiet laughter comes to me It echoes in the rain  
In the darkness of my lonely room I pray that you won't fade  
Away too soon  
Too soon It's too much to bear  
It's too much I fall down drunk  
Too much I care  
Oh
