

First of All

Olamide

Yeah, I mean
I was trying to make things work between us
You know just trying to be a good man
Just trying to be by your side
First of all, I called you day after day
First of all, I mean I wrote you letter after letter, damn
First of all but you know now I found someone else
You kept trippin' now there's someone else
I never wanted this to be
Just thought I let you know
That I'm letting you go
I was down on bending knee
Said you didn't want me know mo'
I tried everything that I could
To change your thoughts about me
If only you could see
That I'm the best man for you
You figured out too late
Now I got to skate and I'm telling you
First of all, I called you day after day, babe
First of all, I wrote you letters after letters
First of all, please understand that I've tried
You kept trippin' now there's someone else
First of all, I called you day after day, girl
First of all, I sent you letters after letters
First of all, please understand that I've tried
But you kept trippin' now there's someone else
I think it's time you finally see
That all I ever wanted was it to be you and me
Love, I gave you didn't receive
Maybe it's that you couldn't handle me
Then I finally met someone else
Women who really completes me
Now you try to come back now
But you're just a few seconds late
'Cause now I gotta skate
First of all, I called you day after day, babe
First of all, I sent you letters after letter, girl
First of all, please understand that I've tried

But you kept trippin' now there's someone else
First of all, I called you day after day, babe
First of all, I sent you letters after letters, girl
First of all, please understand that I've tried
You kept trippin', now there's someone else
Now what, wanna holla at me now?
Hell no, I mean I wish it could've work
But it didn't, you know what, listen up
First of all, I called you day after day, girl
First of all, I sent you letters after letters girl
First of all, please understand that I've tried
It's over now, over
First of all, I called you day after day, babe
First of all, I sent you letters after letters, girl
First of all, please understand that I've tried
You kept trippin' now there's someone else
First of all, found someone else, why'd you do me wrong
First of all, you know I loved you, baby
First of all, I love you
You kept trippin', now there's someone else
First of all, I called you day after day, babe
First of all, I sent you letters after letters, girl
First of all, please understand I've tried but
