

# Face to Face / Short Circuit

## Daft Punk

(harder better faster stronger being said in the background)

What's going on ?

Could this be my understanding

It's not your fault I was being too demanding

I must admit it's my pride that made me distant

All because I hoped that you'd be someone different

There's not much I know about you

Fear will always make you blind

But the answer is in clear view

It's amazing what you'll find face to face facing what you'll find face to face

facing what you'll find face to face

(facing what you'll find face to face

facing what you'll find face to face

facing what you'll find face to face

facing what you'll find face to face

facing what you'll find face to face

facing what you'll find face to face What's going on?

Could this be my understanding

It's not your fault I was being too demanding

I must admit it's my pride that made me distant

All because I hoped that you'd be someone different

There's not much I know about you

Fear will always make you blind

But the answer is in clear view

It's amazing what you'll find face to face I turned away because I thought you were the problem

Tried to forget until I hit the bottom

But when I faced you in my blank confusion

I realized you weren't wrong, it was a mere illusion
