

# Why Ask Why

Ron Irving

I made a list  
I'm all packed up  
I'm ready to go  
It's my last stop I'll soon be far away  
You can watch me go  
Or you can change your mind  
Come with me on the road You're giving up the luck  
You wanna work with God  
And one more thing needs love Why ask why?  
Love has the time to change your mind  
No chain on  
You know I have to go And if you'll stay here  
Give your all for love  
And you knew I'll fall in love  
Before I'd go And if you'll stay here  
Give your all for love  
And you knew I'll fall in love  
Before I'd go Come with me  
Now and be young  
And when we go  
Tell me where you're from Why ask why?  
Love has the time to change your mind  
No chain on  
You know I have to go Why ask why?  
Love has the time to change your mind  
No chain on  
You know I have to go And if you'll stay here  
Give your all for love  
And you knew I'll fall in love  
Before I'd go And if you'll stay here  
Give your all for love  
And you knew I'll fall in love  
Before I'd go
