

Show No Love (feat. WrdUp)

Donell Lewis & Fortafy

I dont save hoes, I save my money
I see all the thirsty ladies in the club
I'ma take one to the crib, but I show no love
Cause I don't save hoes, I save my money
I see all the thirsty ladies in the club
I'ma take one to the crib, but I show no love
Cause I don't save hoes
Mm yes I don't
I've been here bout 4, 5 mins now she want
Me to make my way to the floor
The type of girl gonna make any man broke
But it don't phase me, I'm chasing that paper
Aint no hoe gon get in my way
Eventually, she gon learn her place
Suck my D and stay in your lane
Ooh she kill'en it, she can work it real good and she kill'en it
Everybody want a piece of her and I know that
She wanna be famous but thats too bad
Cause I dont save hoes, I save my money
I see all the thirsty ladies in the club
I'ma take one to the crib, but I show no love
Cause I don't save hoes, I save my money
I see all the thirsty ladies in the club
I'ma take one to the crib, but I show no love
Cause I don't save hoes
Uh, she sound like a villain
She got a man, but she still lookin for a drillin
I be catchin flights and she tryna cash feelins
I be headin to the bank and I feelin make a killin
Ya'll ready know
My team on the top floor pop more
Bottles and she open like a four door oh lord
Good god have mercy
She down for the team, god damn she be thirsty
I do it real best side talkin B.I.G.
Or west side THUG LIFE 2 P.A.C.
No tom ford side, psh tryna feel on me
She already know what its gonna be
Cause I dont save hoes, I save my money

I see all the thirsty ladies in the club
I'ma take one to the crib, but I show no love
Cause I don't save hoes, I save my money
I see all the thirsty ladies in the club
I'ma take one to the crib, but I show no love
Cause I don't save hoes

Yo

See I just finished my show
Filled up my cup, that 42 below
Corner of my eye, she standing there an a pole
Body marked up, I got it as my tone
She could tell from the scene she was spoken with a pro
No John Doe shit, I'm on a rapper tip
The words that I spit make a church girl strip
If she ask for my card, ima tell her go fish
She the type if you miss you better be rich, baby
Throwin deuces out my eye
I could see every guy with their eye on ya
I dont save hoes, I save my money
I see all the thirsty ladies in the club
I'ma take one to the crib, but I show no love
Cause I don't save hoes, I save my money
I see all the thirsty ladies in the club
I'ma take one to the crib, but I show no love
Cause I don't save hoes
