Come to My Pod

Rivers Cuomo

[Maria]
Come to my pod
There's no one there, we'll be alone
We can talk
And if you want to, we'll get stoned
And relax, have fun
In my pod[Jonas]
In your pod no one knows the
things we do,
We'll get high, if you want to
we'll sniff glue
And relax, have fun
In your pod[Jonas and Maria]
In my/your pod
There's no one there, we'll be
alone
We can talk
And make love the whole night through
And relax, have fun
In my/your pod[Maria]
Now that we're left alone
Touch me and kiss me and
love me
