

# Party Girl

Craig Morgan

That alarm clock goes off early  
Drive-thru a coffee in a hurry  
She'll make it the world no worries  
She's doing it for a little bit more  
Got a payment do in her bag  
Friday don't come soon enough  
She's gonna get all fixed up  
Have a little fun And once the beat starts droppin'  
Band's start rockin'  
Ain't no stopping the night  
She's a party girl  
Starts groovin'  
Hips stop moving turnin and loose  
Tonight she's a party girl  
Hanging out with all of her girlfriends  
Watching all the boys get a hell-band  
Put a little dang in the weekend  
Standing around, dropping down  
Charanque with margaritas  
Little shot of quail-vogue tequila  
This night don't wanna end at 2 am Yeah, when the beat starts droppin'  
Band's start rockin'  
Ain't no stopping the night  
She's a party girl  
Starts groovin'  
Hips stop movin turnin and loose  
Tonight she's a party girl  
Monday morning she'll be back in the big ole world  
But tonight, tonight she's a party girl  
She's my little party girl (she's my little)  
(She's my little party girl)  
Come on let's have a party, girl And once the beat starts droppin'  
Band's start rockin'  
Ain't no stopping the night  
She's a party girl  
Starts groovin'  
Hips stop moving turnin and loose  
Tonight she's a party girl She's my little party girl  
(She's my little party girl)

Yeah, and once the beat starts droppin'  
(She's my little party girl)\*lyrics supplied by: Jeffrey Carlos Villaflores\*
