Goodbye

Paul Stanley

Ain't it funny how the time slips away
'Cause now I'm leavin' and I wish I could stay
People wonder why they don't get a chance
They wait for music but they don't get to danceMmm, well now I know when my work is through
I'm gonna be with youSo goodbye is only for now
'Cause I'm comin' back, I swear it somehowAin't it funny how we win but we lose
We're given prizes that we don't get to use
People wonder 'bout the things that we've got
It seems so little but we know it's a lotNow I know when my work is through
I'm gonna be with you, oh yeah
I'm gonna be with youSo goodbye is only for now
'Cause I'm comin' back, I swear it somehow
Oh, goodbye is only for now
'Cause I'm comin' back, I swear it somehow
Sing itI'm on the run so I must go
And I hate to leave, I hope that you knowOh, goodbye is only for now
'Cause I'm comin' back, I swear it somehow
