

# Goodbye

[Paul Stanley](#)

Ain't it funny how the time slips away  
'Cause now I'm leavin' and I wish I could stay  
People wonder why they don't get a chance  
They wait for music but they don't get to dance Mmm, well now I know when my work is through  
I'm gonna be with you So goodbye is only for now  
'Cause I'm comin' back, I swear it somehow Ain't it funny how we win but we lose  
We're given prizes that we don't get to use  
People wonder 'bout the things that we've got  
It seems so little but we know it's a lot Now I know when my work is through  
I'm gonna be with you, oh yeah  
I'm gonna be with you So goodbye is only for now  
'Cause I'm comin' back, I swear it somehow  
Oh, goodbye is only for now  
'Cause I'm comin' back, I swear it somehow  
Sing it I'm on the run so I must go  
And I hate to leave, I hope that you know Oh, goodbye is only for now  
'Cause I'm comin' back, I swear it somehow
