Goodbye

Paul Stanley

Ain't it funny how the time slips away 'Cause now I'm leavin' and I wish I could stay People wonder why they don't get a chance They wait for music but they don't get to danceMmm, well now I know when my work is through I'm gonna be with youSo goodbye is only for now 'Cause I'm comin' back, I swear it somehowAin't it funny how we win but we lose We're given prizes that we don't get to use People wonder 'bout the things that we've got It seems so little but we know it's a lotNow I know when my work is through I'm gonna be with you, oh yeah I'm gonna be with youSo goodbye is only for now 'Cause I'm comin' back, I swear it somehow Oh, goodbye is only for now 'Cause I'm comin' back, I swear it somehow Sing itI'm on the run so I must go And I hate to leave, I hope that you knowOh, goodbye is only for now 'Cause I'm comin' back, I swear it somehow
